

UX TESTING REPORT

Yale School of Art

Yale School of Art

User Experience TESTING Report: <https://www.art.yale.edu/>

Testing Information

Tester Name Imran Khan

Testing Date(s) 11/12/2023 and 11/26/2023

Reporting Date 11/26/2023

High-Risk (Short-Term) Action Items

Action Item (Issue)	Remediation
Heading elements not in sequentially descending order (every page)	Use sequentially descending order h1> h2> h3>
Very low contrast in calendar (Page: Public Events)	Use black text
"Giant Beach Ball" animated image has long alternative text (Page: Publications)	Focus on the pertinent information and shorten to "News from New Haven" and "Giant Rolling Beach Ball in lobby"
Broken link (Page: News)	Insert proper hyperlink for text
Very small text above headline in each section box (Page: Publications)	Increase to 12-point font

Low-Risk (Long-Term) Design Issues

Issues	Remediation
Extra space added before commas (Page: About the School)	Remove spaces before commas
Redundant links "Read More" (Page: News)	Keep the image-embedded links only
Lengthy scroll through page to get to older news (Page: News)	Use hyperlinks for dates that take the reader to another tab instead

Good Design Components

- Links to pages in the top right.
- Homepage is not very long to scroll through.

Concerns

- Background animations should be lighter colors.
